

ENVIRONMENTAL PROTECTION REGION 7  
2011 APR -4 AM 11:48  
DEPP-APB

**THIS IS NOT A PERMIT**

**New York State Department of Environmental Conservation  
Notice of Complete Application**

*Date:* 03/29/2011

*Applicant:* BP PRODUCTS NORTH AMERICA INC  
28100 TORCH PKWY  
WARRENVILLE, IL 60555

*Facility:* BP PRODUCTS N AMERICA BROOKLYN TERMINAL  
125 APOLLO ST  
BROOKLYN, NY 11222

*Application ID:* 2-6101-00055/00021

*Permits(s) Applied for:* 1 - Article 19 Air Title V Facility

*Project is located:* in KINGS COUNTY

*Project Description:*

The Department has prepared a draft permit and has made a tentative determination to issue a Title V Renewal 2 for the above facility. The applicant owns and operates a bulk petroleum storage and distribution terminal. This renewal incorporates the conversion of Tank #8 from a fixed roof tank to an internal floating roof tank; installation of a new 4,000 gal. horizontal tank (renewal 1/mod 1 issued 1/4/11); and identifies Barge Loading of recovered petroleum products from the terminal's groundwater treatment system. This application incorporates applicable requirements from 40 CFR Part 63, Subparts BBBBBB and ZZZZ.

In accordance with 6NYCRR Parts 621.7(b)(9) and 201-6.4(c), the Administrator of the United States Environmental Protection Agency (USEPA) has the authority to bar issuance of any Title V Facility Permit if it is determined not to be in compliance with applicable requirements of the Clean Air Act or 6NYCRR Part 201.

Persons wishing to inspect the subject Title V files, including the application with all relevant supporting materials, the draft permit, and all other materials available to the DEC (the "permitting authority") that are relevant to this permitting decision should contact the DEC representative listed below. The Draft Permit and Permit Review Report may be viewed and printed from the Department web site at:  
<http://www.dec.ny.gov/chemical/32249.html>.

DEC will evaluate the application and the comments received on it to determine whether to hold a public hearing. Comments and requests for a public hearing should be in writing and addressed to the Department representative listed below. A copy of the Department's permit hearing procedures is available upon request or on the Department web site at: <http://www.dec.ny.gov/permits/6234.html>.

*Availability of Application Documents:*

Filed application documents, and Department draft permits where applicable, are available for inspection during normal business hours at the address of the contact person. To ensure timely service at the time of inspection, it is recommended that an appointment be made with the contact person.

*State Environmental Quality Review (SEQR) Determination*

Project is not subject to SEQR because it is a Type II action.

*SEQR Lead Agency* None Designated

*State Historic Preservation Act (SHPA) Determination*

The proposed activity is not subject to review in accordance with SHPA. The permit type is exempt or the activity is being reviewed in accordance with federal historic preservation regulations.

*DEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)*

It has been determined that the proposed action is not subject to CP-29.

*Availability For Public Comment*

Comments on this project must be submitted in writing to the Contact Person no later than 05/06/2011 or 30 days after the publication date of this notice, whichever is later.

*Contact Person*

Description:

**PERMIT DESCRIPTION**  
**BP PRODUCTS N AMERICA BROOKLYN TERMINAL**  
**DEC ID # 2-6101-00055/00021 (Ren 2)**

This is a Title V Renewal #2 for BP Products North America Inc. In July of 2010, BP Products North America Inc. (BP) has requested to propose the conversion of Tank #8 from a fixed roof tank containing kerosene to an internal floating roof tank containing gasoline and the installation of a new 4,000 gallons horizontal tank containing fuel additives (Xylene) at the Brooklyn Terminal, which have resulted in a "Project Emission Potential" (PEP) of 2.2 TPY of VOC. Since the demonstrated PEP (2.20 TPY) is less than the 2.5 TPY of VOC (the significant project threshold for severe non-attainment areas), it is not subject to Part 231.5 NSR permitting.

This proposed modification will reduce the number of daily tank fills required to operate the Brooklyn Terminal allowing for additional operational flexibility and enhanced operational safety. These proposed changes are described in detail

**New York State Department of Environmental Conservation**  
Facility DEC ID: 2610100055

storage capacities < 300,000 bbls and five (5) horizontal petroleum storage tanks which are Tanks # 14, # 27, # 34, # 37 & # 41.

By acceptance of this permit, the permittee agrees that the permit is contingent upon strict compliance with the ECL, all applicable regulations, the General Conditions specified and any Special Conditions included as part of this permit.

Dear Mr. Riva:

**Re: Air Title V Facility Permit Renewal 2 DEC ID 2-6101-00055/00021  
BP Products N America Brooklyn Terminal, 125 Apollo St., Brooklyn, NY**

The Proposed Title V Permit renewal 2 for the above-referenced facility is available for review and comment by the Environmental Protection Agency. The Department may not issue the Final Permit if EPA objects to issuance within 45 days of receipt of the Proposed Permit and all necessary supporting information.

The Notice of Complete Application was published in a local newspaper and in the Environmental Notice Bulletin, providing the required 30-day public notice period. No significant comments were received during the comment period which began on April 6, 2011 and ended on May 6, 2011. The Proposed Permit has no substantive changes from the Draft Permit.

If you have any technical questions on this Proposed Permit, please contact Thomas John in the NYSDEC Division of Air Resources at (718)482-4944 or call me at (718)482-4079 for administrative questions. Please provide your comments to my attention on or before the review period end date.

Sincerely,

Elizabeth A. Clarke

Dear Mr. Riva:

Re: Article 19: Air Pollution Control - Title V Permit  
BP Products N America Brooklyn Terminal ID 2-6101-00055/00021  
PROPOSED FINAL PERMIT

A proposed Final Title V permit for the above-referenced facility is available for review and comment by the Environmental Protection Agency for the required 45-day EPA review period. Since the EPA has electronic access to the Department's AFS computer system, no paper copy of the proposed permit is enclosed with this letter.

Presently, we intend to issue the permit as a Final Permit after the 45-day period has ended if the EPA has not raised any objection; we will consider the 45-day period to end on December 23, 2005.

Please note, our office received no comments during the comment period that began on September 21, 2005 and ended on October 21, 2005.

In accordance with Uniform Procedures Regulations 6NYCRR Part 621.9(e)(2), after expiration of EPA's 45-day review period, the procedures that the public must follow if they elect to petition the EPA to object to permit issuance are provided in 6NYCRR Part 201-6.4(d).

If you have any questions regarding the final proposed permit, please contact me at 718 482-4079 or Sam Lieblich in the NYSDEC Division of Air at 718 482-4944.

Sincerely,

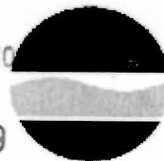

Elizabeth Clarke  
Environmental Analyst

**New York State Department of Environmental Conservation**  
**Notice of Complete Application**

2005 SEP 15 PM 2:39

DEPP-APB

*Date:* 09/13/2005

*Applicant:* BP PRODUCTS NORTH AMERICA INC  
28100 TORCH PARKWAY  
WARRENVILLE, IL 60555

*Facility:* BP PRODUCTS N AMERICA BROOKLYN TERMINAL  
125 APOLLO ST  
BROOKLYN, NY 11222

*Application ID:* 2-6101-00055/00021

*Permits(s) Applied for:* 1 - Article 19 Air Title V Facility

*Project is located:* in KINGS COUNTY

*Project Description:*

The Department has prepared a Draft Permit and has made a tentative determination to approve this application for a Title V Permit Renewal. The applicant is requesting an increase to the loading rack throughput limit from 400,000 gpy to 600,000 gpy. The facility will redefine facility emission units in order to increase the flexibility of the facility. The unit is operating at a level well below both existing and proposed limits.

In accordance with 6NYCRR Parts 621.5(d)(9) and 201-6.4(c), the Administrator of the United States Environmental Protection Agency (USEPA) has the authority to bar issuance of any Title V Facility Permit if it is determined not to be in compliance with applicable requirements of the Clean Air Act or 6NYCRR Part 201. Persons wishing to inspect the subject Title V files, including the application with all relevant supporting materials, the draft permit, and all other materials available to the DEC (the "permitting authority") that are relevant to this permitting decision should contact the DEC representative listed below. It is recommended that an appointment be made to confirm the availability of the subject files. The DEC will endeavor to make the files available within 2 business days of contact, during normal business hours (8:30 am through 4:45 pm), unless the requestor wishes to inspect the files at a later date.

DEC will evaluate the application and the comments received on it to determine whether to hold a public hearing. A public hearing may be legislative or adjudicatory. A legislative public hearing is a proceeding which provides an additional opportunity for public comment. DEC's determination to hold a legislative public hearing will be based on whether a significant degree of public interest exists. If a legislative public hearing is to be held, a Notice of Hearing will be published which will include the time and place of the hearing and submitting comments. The applicant and all persons who have filed comments on the permit will be notified by mail of the public hearing. Comments and requests for a legislative public hearing should be in writing and addressed to the Department representative listed below.

An adjudicatory public hearing is a trial type proceeding which provides the opportunity for adjudication on the basis of evidence, including direct testimony and cross examination. An adjudicatory hearing is held only if substantive and significant issues relating to any findings or determinations the Department is required to make pursuant to the Environmental Conservation Law exist. A copy of the Department's permit hearing procedures is available upon request or on the Department web site at:

<http://www.dec.state.ny.us/website/ohms/gudph1.htm>.

*State Environmental Quality Review (SEQR) Determination*

Project is not subject to SEQR because it is a Type II action.

*SEQR Lead Agency* None Designated

*State Historic Preservation Act (SHPA) Determination*

The proposed activity is not subject to review in accordance with SHPA. The permit type is exempt or the activity is being reviewed in accordance with federal historic preservation regulations.

*DEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)*

It has been determined that the proposed action is not subject to CP-29.

*Availability For Public Comment*

Comments on this project must be  
submitted in writing to the Contact  
Person no later than 10/21/2005

*Contact Person*

WARRENVILLE, IL 60555

Facility: BP PRODUCTS N AMERICA BROOKLYN TERMINAL  
125 APOLLO ST  
BROOKLYN, NY 11222

Application ID: 2-6101-00055/00021

Permits(s) Applied for: 1 - Article 19 Air Title V Facility

Project is located: in KINGS COUNTY

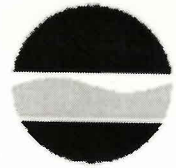

*Project Description:*

The Department has prepared a Draft Permit and has made a tentative determination to approve this application. The applicant is proposing to modify tanks at the terminal to allow for discontinuing the use of MTBE (Bethyl Tertiary-Butyl Ester) as a gasoline oxygenate additive per NY ECL 19-031(3)(b). BP is proposing to replace MTBE with ethanol as a gasoline additive. MTBE has been banned for use in gasoline by NY State effective 01/01/04. The proposed VOC limit for the terminal will remain at 78.21 tons per year, therefore New Source Review is not applicable to this project.

In accordance with 6NYCRR Parts 621.5(d)(9) and 201-6.4(c), the Administrator of the United States Environmental Protection Agency (USEPA) has the authority to bar issuance of any Title V Facility Permit if it is determined not to be in compliance with applicable requirements of the Clean Air Act or 6NYCRR Part 201. Persons wishing to inspect the subject Title V files, including the application with all relevant supporting materials, the draft permit, and all other materials available to the DEC (the "permitting authority") that are relevant to this permitting decision should contact the DEC representative listed below. It is recommended that an appointment be made to confirm the availability of the subject files. The DEC will endeavor to make the files available within 2 business days of contact, during normal business hours (8:30 am through 4:45 pm), unless the requestor wishes to inspect the files at a later date.

DEC will evaluate the application and the comments received on it to determine whether to hold a public hearing. A public hearing may be legislative or adjudicatory. A legislative public hearing is a proceeding which provides an additional opportunity for public comment. DEC's determination to hold a legislative public hearing will be based on whether a significant degree of public interest exists. If a legislative public hearing is to be held, a Notice of Hearing will be published which will include the time and place of the hearing and submitting comments. The applicant and all persons who have filed comments on the permit will be notified by mail of the public hearing. Comments and requests for a legislative public hearing should be in writing and addressed to the Department representative listed below.

An adjudicatory public hearing is a trial type proceeding which provides the opportunity for adjudication on the basis of evidence, including direct testimony and cross examination. An adjudicatory hearing is held only if substantive and significant issues relating to any findings or determinations the Department is required to make pursuant to the Environmental Conservation Law exist. A copy of the Department's permit hearing procedures is available upon request or on the Department web site at:

Brooklyn, NY 11222

Dear Mr. Aparisio:

Re: Air Title V Facility Permit DEC ID 2-6101-00055/00021 Mod 1  
BP Products North America Brooklyn Terminal, NY

Enclosed is your Title V Facility permit modification 1 referenced above. Please read it carefully; you must comply with all conditions.

If you have any questions regarding the permit, please contact me at (718)482-4079 or Kamal Malhotra in the NYSDEC Division of Air Resources at (718)482-4944.

Sincerely,

Elizabeth A. Clarke  
Environmental Analyst
